Do you use the internet or email?

If you do, you can now use the internet to access your personal “Pet Portal”. This exciting new service is now available at Mounds View Animal Hospital.

Your Pet Portal allows you to:

- Get 24 hour access to each of your pet’s health information (vaccination records, medications, scheduled appointments)
- Request appointments
- Request medication refills
- Communicate with us online
- Purchase thousands of pet care products at our online store
- View pet health care videos
- Read educational materials about the health and well being of your pet (ex. How to pill a cat, how to train your dog, etc.)
- Receive email reminders when vaccines/services are due (optional)
- Receive birthday cards for your pets by email (optional)
- Receive email newsletters (optional)
- Receive occasional emails on specific pet health topic for your pets (optional)

You will have the ability to turn on/off the email features as you wish. We will never sell or share your email address with anyone.

Access to your Pet Portal is private and password protected. All we need is your email address and then we will email you a username, password, and instructions on how to access your Pet Portal. IT’S EASY!
